PLACEMENT TEST INSTRUCTIONS
Intensive English Program
English Language Studies and International Programs

Prior to starting the Intensive English Program (IEP) a placement test determines the English proficiency level of students. Upon completing the placement test, students are placed in the level best suited to their English ability. This test is available 24 hours after activating your UMnetID.

The test is entirely internet-based. Please complete it before arrival at the University of Manitoba.

The total time required to take the test is approximately two hours. The test has three parts:
